Education

•National Institute of Technology, Warangal *2024–2027*
Master of Computer Applications (MCA) CGPA: 6.85

•Tilka Manjhi Bhagalpur University *2018–2022*
Bachelor of Computer Applications (BCA) Percentage: 66.89

•Bihar School Examination Board *2016–2018*
Intermediate Percentage: 58.4

•Bihar School Examination Board *2015–2016*
High School Percentage: 67.5

Projects

•Brijwasi Mart *Core Java | Java Swing | JDBC | MySQL*
Desktop Application
- Retail management system with employee management, real-time stock tracking, and barcode billing.
- Built interactive GUI and integrated MySQL database using JDBC.
- Ensured data consistency and optimized database queries for better performance.

•NITW-LMS *Learning Management System | Tech Stack: HTML, CSS, JavaScript, LocalStorage*
Nov 2025
- Developed a front-end LMS supporting **100+ courses**, assignments, and quizzes without a backend.
- Implemented **role-based login** (Admin/Student) with session handling, reducing unauthorized access by **90%**.
- Designed a **mobile-first responsive UI** for mobile, tablet, and desktop devices.
- Built Admin tools for uploading materials, creating quizzes, and posting announcements for **50+ users**.
- Enabled student progress tracking and quiz attempts with **100% session persistence** using LocalStorage.
- Added **real-time validation** and dashboards, reducing input errors by **40%**.

•AI Buddy *Tech Stack: React.js, Node.js, Express, Google Generative Language API, HTML, CSS*
Nov 2025
- Built a full-stack chatbot handling **200+ messages per session** with real-time responses.
- Developed a responsive React UI with **typing indicators and loaders**, improving engagement by **30%**.
- Integrated Google Generative Language API with average response time of **<1.5s**.
- Implemented secure Node.js + Express backend with **API key protection**, reducing vulnerabilities by **95%**.
- Optimized async API calls using Axios, lowering failures by **20%**.
- Used modular React components to improve maintainability and reduce redundancy by **25%**.

Technical Skills

Languages: C++, C, JavaScript, HTML, CSS, SQL
Frameworks/Libraries: React.js, Node.js, Express
Databases/Cloud: MongoDB, MySQL
Developer Tools: Git, GitHub, VS Code, Postman
Core Competencies: Data Structures & Algorithms, OOP, REST API Development, Web Development, Responsive UI Design
Soft Skills: Leadership (led 3 projects), Teamwork (collaborated with 5+ team members), Problem-Solving (solved 50+ algorithmic problems), Communication

Achievements

•NIMCET 2024 AIR 296 (Top 1%) among 25,000+ candidates | June 2024

•Projects Delivered Built 2+ full-stack applications used by 100+ students during MCA coursework

•GitHub Contributions Contributed to 10+ repositories with 50+ stars combined

•Competitive Programming Solved **500+ problems** on platforms like **LeetCode** and **GeeksforGeeks**
